

First Vancouver Finance

Providing a Bridge to Bankability

We've been helping small businesses with cash flow since 1987.

GENERAL INFORMATION

PRODUCTS & SERVICES:

- **PrimeLine/Asset based loans:** Accounts Receivable and Inventory for qualifying companies.
- **Accounts Receivable Factoring:** Programs customized to meet your needs.
- **Non-Notification:** ABL, A/R Financing & Factoring Facilities providing confidentiality in customer communication.

TYPICAL CLIENTS:

Manufacturers, wholesalers, distributors, and service companies of all types; generally, with annual sales ranging from \$250,000 to \$25 million.

Typical Clients include start-ups, rapidly growing or companies that may have a negative or minimal net worth; business that may be experiencing tax or bankruptcy issues, or that may have been turned down for traditional bank financing. FVF offers flexible underwriting standards and work in conjunction with banks to strengthen banking relationships and build “bankability”.

GEOGRAPHY:

Offices throughout the U.S., Canada, Europe and Australia

RATES:

We can provide an estimate after we have seen pertinent information and we understand your company's needs. Here are some of the criteria that help determine cost:

- **Risk:** Overall risk associated with the business/industry and credit worthiness of your customers
- **Maintenance:** Work involved in the monitoring and management of the collateral.
- **Time:** The average length of time the funds are in use.
- **Volume:** Save money as your company grows, we pass economies of scale on to you.

SERVICES INCLUDE:

Customized cash flow solutions; A/R management supported by 24/7 real time online reporting; emailable updates; accounts receivable management and ongoing debtor credit evaluation.
